Editor's Note **24 April 2008**

Hope you enjoy this chapter. Sadly, I have no money to pay for further translations. I'm toying with the idea of accepting paypal donations to put toward translations (it now costs me 20 USD per chapter). What do you think?

As always, Japanese->English translaters are greatly appreciated. If you know Italian and have the Getter books (or any dvisual stuff), I'd love to work with you as well. [nagaiscanlations@gmail.com]

In the early 90s volume 1 of Getter Robot Go was released in the US by Viz media, and I'm getting that as a gift. I think I'll scan it, since poor or International fans may not be able to get it on ebay.
